CONGRESSMAN
KEVIN MULLIN
CALIFORNIA 15

Proudly Serving and Delivering for You

Dear community member,

My top priority in Congress is delivering for our district and solving problems for the families I represent in San Mateo County and the southern neighborhoods of San Francisco. My staff and I are devoted to ensuring all constituents can access the services they need from the federal government. If you're struggling with a federal agency, please contact my office for assistance.

Over the past year, I have been working closely with local stakeholders to bring home federal dollars for critical community projects. I am pleased to share that I have secured **\$14.36 million that will support 15 local projects** that address important priorities like increasing affordable childcare spaces, upgrading critical infrastructure, and improving parks, recreational amenities, and the safety of our transportation systems. These federal investments will make a real difference for constituents throughout our community.

I am honored to be your voice in Congress, and I look forward to continuing to advocate for you and our future.

Sincerely,

Kevin Mullin

Congressman Kevin Mullin

Rep. Mullin talks about sea level rise along the bay with officials from the City of Burlingame.

Rep. Mullin co-hosts an event at Self-Help for the Elderly to meet with constituents.

Rep. Mullin presents awards to the student winners of his Congressional App Challenge.

DELIVERING MILLIONS for OUR COMMUNITY

\$3.2 MILLION
for roadway safety and streetscape upgrades in East Palo Alto and Daly City, and to deliver more sustainable streets across San Mateo County.

\$960,000
for Daly City's Vista Grande Drainage Basin to improve regional water quality and supply and treat and reuse stormwater.

\$1.67 MILLION
to improve Centennial Way Trail and transform underutilized land into a community park.

\$500,000
to connect the Hayward Park Caltrain Station to San Mateo and Foster City with a new 1.3-mile-long bikeway.

\$1.38 MILLION
for seismic upgrades to Foster City's lagoon pump station to defend against earthquakes and expand capacity for extreme storms.

\$1.85 MILLION
to build a new all-abilities playground in the Coyote Point Recreation Area and improve San Mateo's King Recreation Center.

\$700,000
to Port of Redwood City for upgrades to stormwater infrastructure to reduce contaminants entering the SF Bay and rising sea levels.

\$500,000
for Caltrain's Grade Crossing projects and important safety and accessibility enhancements in Redwood City.

\$2 MILLION
to bring a new YMCA and the new Middlefield Junction Early Learning Center to Redwood City.

\$1.6 MILLION
for the City of East Palo Alto to build a state-of-the-art new turf athletic field with the Ravenswood School District and Boys and Girls Club of the Peninsula.

▲ Rep. Mullin delivers \$2 million for stormwater management and road safety projects in Daly City.

▲ Rep. Mullin announces federal a grant for environmental protection in the Bay Area with U.S. Secretary of the Interior Deb Haaland.
