The Honorable Tom Cole
Chair
Committee on Appropriations
U.S. House of Representatives
Washington, D.C. 20515

The Honorable Rosa DeLauro
Ranking Member
Committee on Appropriations
U.S. House of Representatives
Washington, D.C. 20515

Dear Chair Cole and Ranking Member DeLauro:

I am requesting funding for the Fire Station 62 Flood Mitigation Final Planning and Design project in fiscal year 2027. The entity to receive funding for this project is the City of South San Francisco, located at 400 Grand Avenue, South San Francisco, CA 94080.

The funding would be used to replace the aging Fire Station 62, which is regularly impacted by flooding due to its location near the San Francisco Bay and Colma Creek. Funds will be used to design the station replacement, initiate construction, and harden the existing station against current flooding while the new station is being built. This project is an appropriate use of taxpayer funds because it will ensure that vital emergency services are consistently stationed in their community and available to residents as quickly as possible, regardless of the weather.

The project has a federal nexus because the funding provided is consistent with purposes authorized in 42 U.S.C. §§ 5305(a)(2) and 5305(a)(4).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Kevin Mullin
Member of Congress (CA-15)
